The La Grande City Council is pleased about the return to Phase II reopening status in the County. This is an important step toward the economic welfare of many of our citizens and small businesses. In the interest of maintaining public safety and this important financial step, the La Grande City Council reminds our residents of the need to maintain the recommendations and mandates set forth by the State of Oregon: wash hands thoroughly and often; maintain proper social distancing (minimum six feet); and, wear masks indoors when in public settings and outdoors if you will be unable to maintain social distancing. By doing so, we should be able to maintain our Phase II status in safety and with the resulting economic benefits to our community.

The La Grande City Council thanks you and wishes you well.
